7 ILL, eye trouble, as in the case of his brother, Joe, halt Johnnie Shugrue in his march toward the lightweight championship? Johnnie, who created a sensation the other night by being the first lightweight to knock out Willie Jackson, is obliged to wear glasses right up to the time he goes into the ring. He'd wear them inside the squared circle too if possible, as at times his sight is affected by the big are lights and he appears to sort of flounder around the ring.

Willie Jackson several years ago became a ring sensation over night by FIGHTING BROTHERS knocking out the clever Johnnie Dundee in one round. He is also credited with practically knocking out Lew Tendler, who gave Champion Leonard such a gruelling fight last summer, as be had the Quaker star on the floor for the count when a "friendly bell" came to his rescue.

The new York Hebrew lightweight best nearly everybody his weight, with the exception of Leonard, so it can be magined what a big surprise was uncorked by young Shugrue Monday light when he dropped Jackson for the count, the bell raving him, and rave him such a beating that he was unable to answer the gong for the eleventh.

But Johnnie comes from a fighting 'amily and to the initiated it was no urprise for him to beat Jackson, as ust spring Patriot's Pay to be exact e celebra ad the Bay State holiday by asily winning a referee's decision over ohnnie Dundee at Worcester, Masa.
